

Sri Venkateswara Temple of North Carolina

SV Temple community services organizes:

PARENTING WORKSHOPS

For parents of 5 to 16 years olds.

Rate your parenting skills:

A. Super	**D**. So, so
B. Good	**E**. Worrisome
C. Average	**F**. Failing

If your answer is A, congratulations and we invite you to become an instructor!

If not, take advantage of these workshops and raise your parenting skills one or two levels up!

How to guide your children regarding academic performance, social skills, spiritual orientation, food habits and so on?

How to help your growing children with their various needs, moods and emotions?

How to make sure your children have the **best childhood** in this busy and fast-paced world?

Do everything to make sure that you never have to say: "my first child took the brunt of my bad parenting!"

OPEN FOR ALL!

Wife and husband may attend together or individually!

These fun and interactive workshops run for two full days on two consecutive Sundays 9am-5pm and the max participants are limited to 16 to provide you a thorough understanding of parenting.
