Workshop 1: Individual and the World
(Role and place of individual in the world – five layers 'Pancha Kosa' of an individual and three layers of the world)

Workshop 2: Life, Growth and Balance
(Four energy types – personality colors – four urges that need to be balanced – dynamics of life)

Workshop 3: Marriage and Family
(Meaning and purpose of Marriage – differences in male and female energies. understanding and guiding children)

Workshop 4: Career, Business and Leadership
(Deeper motivations and goals of various individuals – collaborating with others to accomplish your goals)

Workshop 5: World Religions and Systems
(Dharmic and Abrahamic Religions – Monotheism and Polytheism, Open vs. Closed systems and Religions – caste system and social divisions)

Workshop 6: Hindu Practices and Spirituality
(Four paths to reach the supreme – poojas and rituals – meanings of major texts and practices – place and role of yoga and meditation)

The workshops are like field trips - lively and fun filled with lots of stories and theories and conversations that you share along the way.

The trips start once every month, here at NCSU.
Join many others like you, and unlike you.
Grow five years worth, in less than five days!
